Subject: Announcement of Collaboration Between Kiwanis and HIS Global Network for the Orphan Kidspreneur Initiative.

Dear Esteemed Partners and Supporters,

Kiwanis is pleased to announce a strategic collaboration with HIS Network Global (IKids Makers) to support the Orphan Kidspreneur Initiative, a program dedicated to empowering orphaned children with entrepreneurial skills, mentorship, and financial resources to help them build a sustainable future.

As part of this partnership, HIS Network Global is committed to providing financial support for the orphan to attend the IKids Makers event. HIS Network Global contribution will help fund the needs of these underprivileged and special need kids in our center.

Through this collaboration, HIS Network Global aim to:

1. Provide Funding – Offering financial support to sustain the Orphan Kidspreneur event and the ongoing entrepreneurial programs for orphaned children.
2. Empower Young Entrepreneurs – Facilitating training workshops, mentorship programs, and networking opportunities to help children develop essential business and leadership skills.
3. Strengthen Community Impact – Working alongside with Kiwanis to create long-term, sustainable solutions for empowering the next generation of leaders and business owners.

We invite the public, corporate organizations, and individuals to join us in this transformative initiative. Your support—whether through funding, mentorship, or business exposure—will play a crucial role in shaping the futures of these young entrepreneurs.

Together, we can make a lasting impact and inspire these children to dream bigger and achieve greater heights. We look forward to your collaboration in making this initiative a success.

Sincerely,

A handwritten signature in black ink, appearing to read 'Alvin Lew', written over a horizontal line.
